

SPONSORSHIP OPPORTUNITIES

Building a safe community to inspire, connect, and advance women and their advocates in the Washington wine industry

AWWAWINE.ORG

OUR MISSION

INSPIRE

The first step towards inspiration is to share with one another why we love being a part of the Washington wine industry. Step two is to share our collective experiences and elevate our voices. Representation matters in all things.

We organize socials and get together to encourage communication and friendship with those in the Washington wine industry.

CONNECT

In order to create a strong community we need to get the word out. We want to reach all women and their advocates in every corner of the Washington wine industry.

Our community is only as strong as those who are involved and do the work. Your participation will help grow an eclectic community of strong leaders.

ADVANCE

Education is imperative in all that we do. The Alliance of Women in Washington Wine seeks to provide outside educational opportunities, lead tastings and seminars, and share the knowledge we have learned from our combined experiences.

We provide scholarships and a meaningful and productive mentorship program lead by experienced Washington wine industry professionals & leaders.

OUR PROGRAMS

SCHOLARSHIP

The Alliance of Women in Washington Wine, in partnership with the Washington Wine Industry Foundation, provides an annual scholarship to a female student enrolled in a wine business, viticulture, or enology related degree program in Washington State.

Support our scholarship program by making a donation to AWWAW today.

MENTORSHIP

The goal of our mentorship program is to provide a formal one-on-one mentoring structure to foster a pragmatic and inclusive culture of development and learning for growing professionals in our industry. We strive to help our members develop their talent, business acumen and leadership skills. Advancing individuals in our community through mentorship will serve to further our representation, opportunities and leadership in the wine industry.

Find out more about becoming a mentor or mentee at awwawine.org.

EVENTS

The Alliance of Women in Washington Wine hosts a wide variety of events to promote networking within the industry and provide easy industry access to information, panels, and other valuable tools to help women grow and succeed.
